

Provider-Administered Precertification Drug List

The following drugs will be subject to the Provider-Administered Drug Review Program. Precertification for these provider-administered drugs is required when administered in a provider's office, outpatient facility, or home health setting. Treatments indicated as Gene Therapy/Cellular Immunotherapy (+) require precertification when administered in any place of treatment.

FOR PEEHIP Members Only: Coverage excludes the provider-administered medications outlined in this drug policy from being accessed through a specialty pharmacy. It must be obtained through buy and bill. Lemtrada, Synagis, and Spravato are exceptions to this policy. Lemtrada will require the use of a specialty pharmacy. Synagis and Spravato may be obtained through buy and bill or specialty pharmacy.
