

Pediatric Immunization Submissions Using ImmPRINT

If your pediatric practice wants to receive appropriate credit for immunizations given to your Blue Cross and Blue Shield of Alabama patients, we strongly encourage you to submit all immunization data into ImmPRINT, the Alabama Department of Public Health (ADPH) immunization registry portal. Doing this will ensure that your overall performance is accurate for immunization measures in the Patient Management Resource. It is important to note that there will be a delay from the time the data is received by Blue Cross to the time it is reflected in the Patient Management Resource.

If you have further questions, please contact your Provider Networks Consultant at 1-866-904-4130.
